Volksmarching is:

Taking a different Path

Going somewhere New

Enjoying the Unknown and the Unexpected

every now and then

What is Volksmarching?

Volksmarching is the walking component of the international volkssport movement devoted to physical fitness. The other components are biking, swimming, and cross-country skiing. These organized activities are not a contest of speed or skill, but rather each participant sets his/her own pace and only needs to complete the event before the stated finish time. Thus, everyone is a "Winner."

Volksmarching is a family-oriented activity. Infants can be pushed in a stroller or carried in a backpack. Youngsters and senior citizens can regularly walk the 10 kilometer (6.2 miles) trail. Some trails are barrier-free and allow those with physical disabilities to participate in the walks.

One of the bonuses of volksmarching is that each participant who completes the trail may also purchase an attractive award. In addition to collecting commemorative awards, the participant may enroll in the IVV Achievement Awards program by purchasing an IVV event or distance book, or both. The books cost \$6.00 each and entitle the owner to a certificate, hat pin, and patch upon completion of milestones.

Unlike other volksmarching walks, which are usually limited to one or two days with set start/finish times, a year-round volksmarch may be walked almost any time.

If you would like a more detailed explanation of volksmarching, a list of clubs in your area, a list of walks in Virginia, and membership information, please contact the Virginia State Volkssport Association, c/o Bill Lowell, 18055 Morgarts Beach Road, Smithfield, VA 23430 or call (757) 357-5355, email: wlowell@mindspring.com.
